How to Delete a Category

INTRODUCTION

This guide demonstrates how to delete a category page.

This document was generated on 2024-04-19 05:57:26 AM (MST).

Step 1 — Deleting a Category Page

- To delete a category, click on the Edit button in the upper-right, beneath the site header.
- ▲ Make sure there are no guides listed in the category.
 - If there are guides listed under the category, either delete them or change the category under which these guides are listed.

Step 2

	2	doo-reference.dozaki.com says Are you unert to delete the entire paget Cener
Attached Documents ODucuments Add a Document +		Attached Documents 0 Documents Add a Document
Wiki lado RAME VALUE Rome Value		Wiki lano NARE VALUE Pomin Value Add
Coldete Category	Preview Save	Delete Category Preview Save

- Click on the Delete Category button in the bottom-left of the page, directly below the Attached Documents and Wiki Info sections.
- A pop up window with open asking to confirm the request to delete the page.
 - Click on the **OK** button to complete the category deletion process.
