INTRODUCTION

This guide demonstrates how to subscribe to a question to ensure you receive notifications when new answers are posted for that question.

Why should you subscribe to a question?

By subscribing to a question, you are electing to receive notifications when answers are submitted to that question. If you [Ask a Question](), you will automatically be subscribed to that question.

Step 1 — How to Subscribe to a Question

- Navigate to the question to which you want to subscribe.

- Click on the **Options** link in the upper-right corner.

- Select **Subscribe** from the drop-down menu or click on the **I have this problem too** button.

- When you subscribe to a question, you will also automatically submit a **Yes** vote for rating the question as "good."
  - *(i)* Questions with more **Yes** votes will appear in search results with the **Most Helpful** filter applied.

Follow the steps in [How to Stop Receiving Notifications for Your Question](#) to unsubscribe from a Question.
