

How to Open Operator View

This guide demonstrates how to open Operator View in a guide.

Written By: Dozuki System

INTRODUCTION

This guide demonstrates how to open Operator View in a guide.

Note: Operator View is only available in guides with Data Capture turned on.

Step 1 — Open Operator View

The left screenshot shows the main interface for 'How to Calibrate WIPS'. At the top right, the 'Operator View' button is highlighted with a red box. Below the title, there is a 'DRAFT' status and a 'Publish Version' button. A sidebar on the right lists 'Difficulty: Moderate', 'Steps: 23', 'Time Required: Suggest a time ??', 'Sections: 1', and 'Flags: 0'. A video thumbnail is visible on the left side of the main content area.

The right screenshot shows the 'Operator View' for 'How to Calibrate WIPS'. The title is 'How to Calibrate WIPS' with '23 Steps' and 'Time Required: No estimate'. Below the title is an 'Introduction' section. Under 'PPE:', it lists 'Gloves', 'Helmet', 'Hat', and 'Eye Protection'. There is a 'Supporting Documents' section with a link to 'Wiring Diagram'. At the bottom, there is a table with columns 'Part ID', 'Part Location', and 'Part Dept'.

Part ID	Part Location	Part Dept
234	442	234

- Click on the **Operator View** button in the upper-right of the page, beneath the site header.
- This automatically launches **Operator View**.
