

# How to Locate Prerequisite Guides

Prerequisite guides

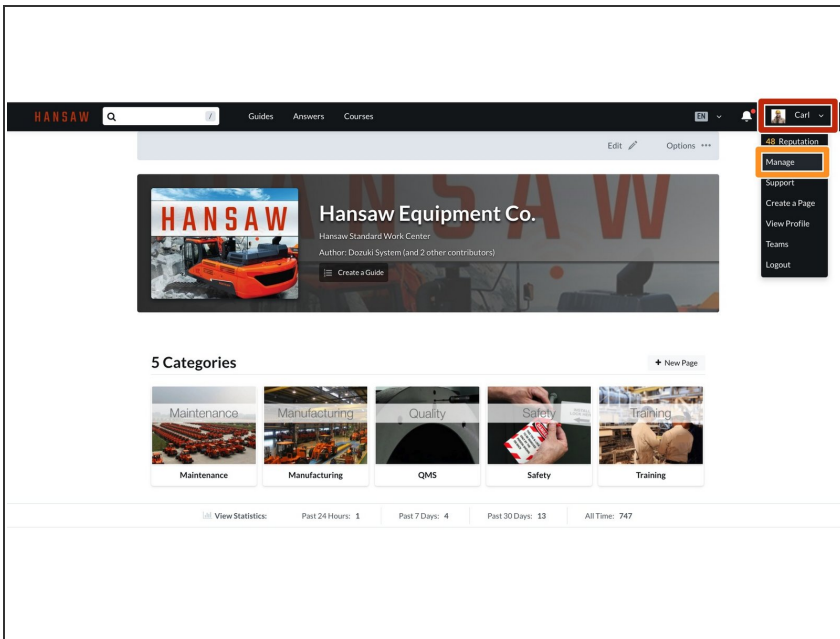

Written By: Dozuki System

## INTRODUCTION

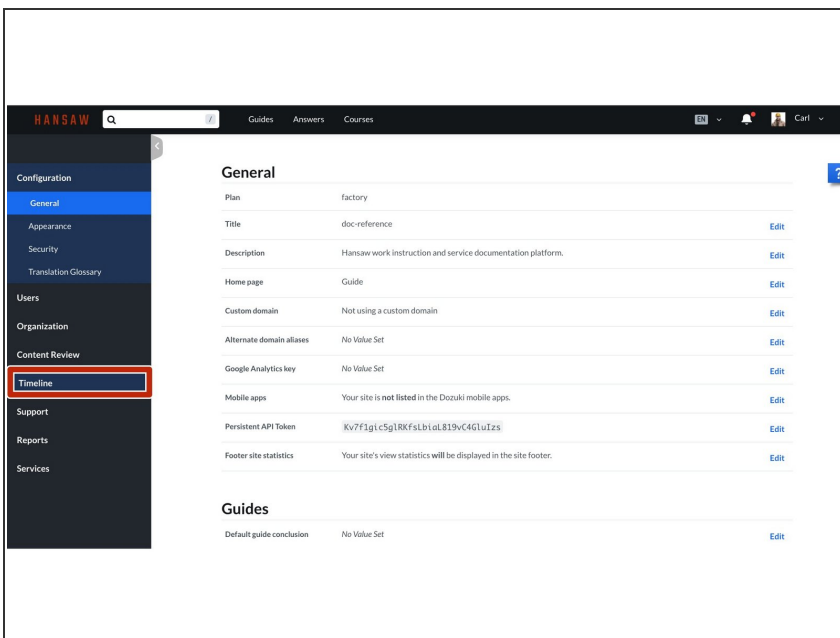

This guide demonstrates how to locate prerequisite guides. Dozuki provides an efficient way to locate prerequisite guides through the Management Console.

## Step 1 — How to Locate Prerequisite Guides

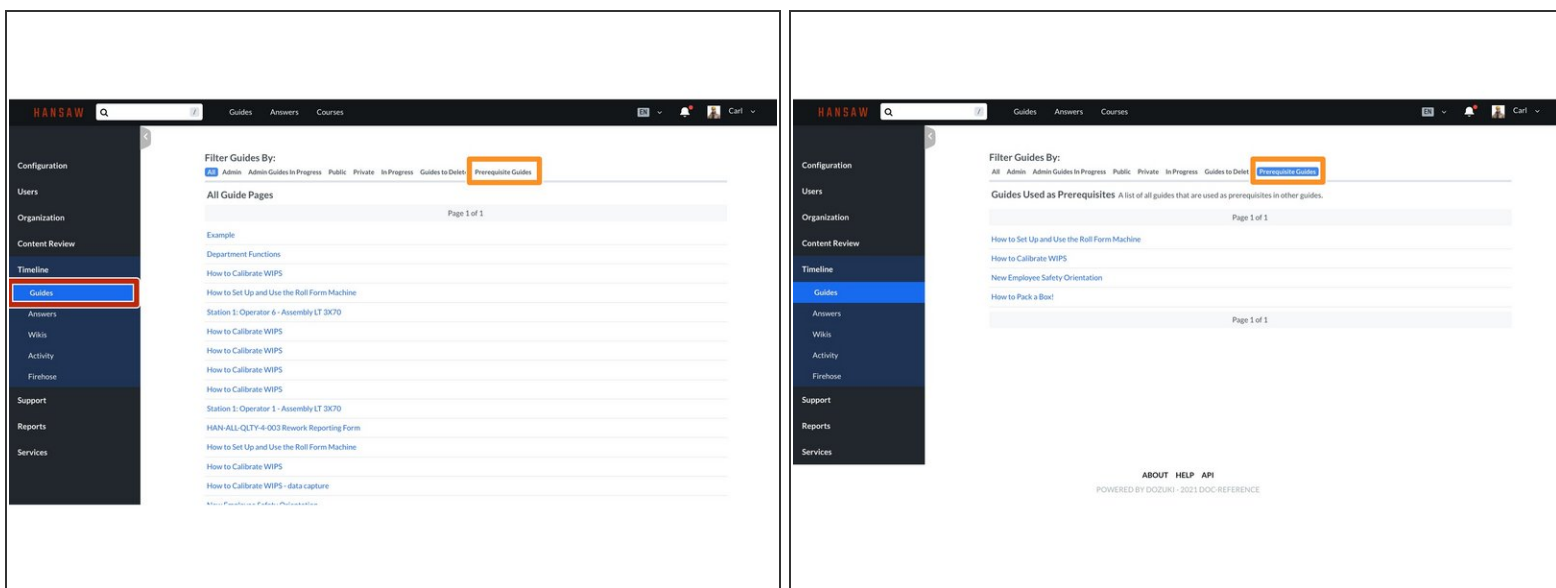

- Click on your username on the right side of the site header.
- Select **Manage** from the drop-down menu.

## Step 2

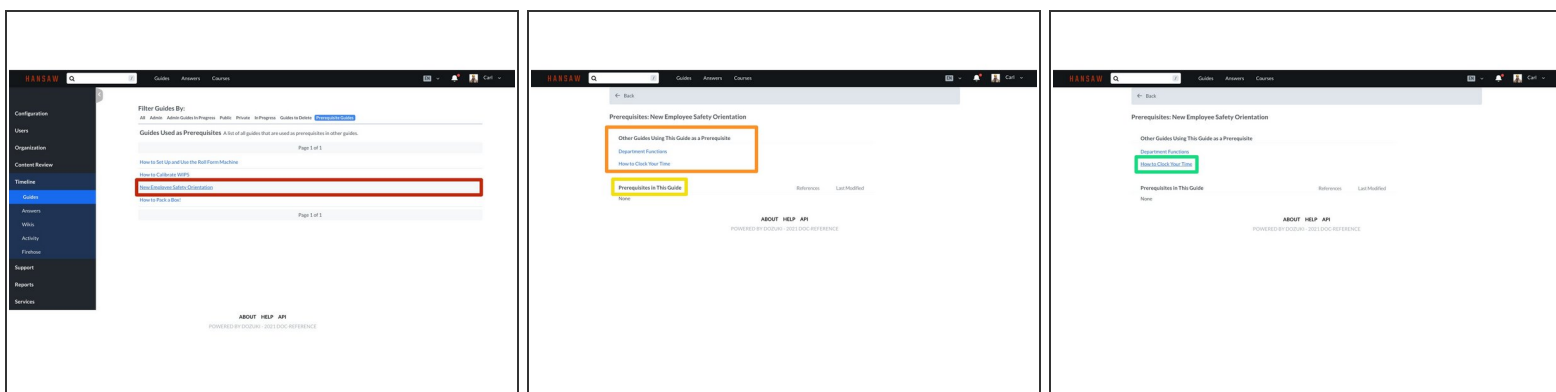

- Select **Timeline** from the Management Console navigation menu.

## Step 3

- The Timeline will default to the Guides page.
- Filter Guides By **Prerequisite Guides**.
- ❗ This filter lists all of the guides used as prerequisites in other guides on the site.

## Step 4

- To see more information about a guide click on the guide title.
- A list of guides that are using this guide as a prerequisite opens.
- Additionally, a list of prerequisites used in the guide will also display.
- To view the guide that contains the prerequisite, select the guide title listed.
